# **Components of Good SEO Strategy**

### **Technical SEO**

We will ensure that your website is:

- Safe
- Fast
- Functional
- Mobile-friendly
- Search Engine Optimised

#### Relative difficulty level: EASY

Considered easy because it needs to be done properly once and then just maintained.

### Internal SEO

#### Focus on::

- Improving the presentation of your website
- Optimising your existing content
- Making your website easy to navigate through well-thought through site architecture and sales funnels

### Relative difficulty level: MEDIUM

SEO is challenging due to the need for constant updates and new industry trends, yet it is manageable given we have complete control to modify your website at any time.

### External SEO

Establish authority in the eyes of your customers and Google by:

- Mentions from relevant publications in your industry
- Publishing articles about your expertise on relevant websites
- Creating strong industry-specific word associations

### Relative difficulty level: HARD

External SEO is challenging as it relies on high-authority websites featuring your content. It necessitates relationship-building and keeping up with industry trends.

Your **goal is conversions**; ours is making it happen.

**Quality** over quantity: **Targeted visitors** > Mass traffic.

**Keywords?**Only the ones driving **real results**.

We aim for **clicks that convert**, not just count.

Your success is our success: we champion your business as our own

# Case Study: STUDIO DAM

From small studio to one of the most **recognisable** branding companies in Singapore.

# Solutions provided to STUDIO DAM

## **Technical SEO**

Moved their website from Shopify to Wordpress and optimized for speed and user experience.

## **Internal SEO**

Consistently published new content and updated existing pages to create target keywords associations.

## **External SEO**

Built relationships with high authority websites in their niche to acquire backlinks and establish their brand online.

"Big Wall Consultancy (BWC) has helped us tremendously with creating online visibility.

Focusing on specific search terms made STUDIO DAM **come up on top**!

Our **page visits have increased by 300**% because of the SEO strategies implemented by The BWC team!

It was our first time engaging a SEO consultancy and BWC never fail to **keep us updated on the progress** we were working towards.

On multiple occasions they had to push us to deliver info so that they could proceed pushing our name!

We cannot emphasise enough how BWC is **extremely skilled and consistent** with their SEO work and has been an integral part in helping us grow our digital presence."
